Sr	Request to Enable Financial Budget Report (Sub Cost Centre-wise) in SARAL.	REQ-127577	Dear Sir, In my SARAL window, kindly enable the Financial Budget Report (Sub Cost Centre-wise) before I raise the indent. This will be very helpful for me to check the availability of the I2EDC Centre budget, based on which I can correctly select or change the indent sub cost centre. Sr	Request for Modification in I2EDC Pre-Incubation G..	REQ-125752	Dear EG Technical Support Team, As discussed with our I2EDC Centre PIC, Dr. Navneet Kumar, we would like to request certain modifications to the I2EDC Pre-Incubation Grant section on the Saral Portal. Currently, under the I2EDC Pre-Incubation (Admn) tab in the Services section, we are able to view only the approved and received applications. However, we are unable to track the utilised amount and the remaining balance for each applicant. To improve transparency and streamline monitoring, our I2EDC team has decided to introduce the following steps/features: a. The grant should also reflect under Faculty Projects. b. It should be visible in the Saral Window, including the PIC Saral Window. c. While raising an indent, the Indenter must select the Approved Pre-Incubation Grant. d. In C-Form or C-Reimbursement, the Pre-Incubation Grant must be clearly mentioned. e. For Advance TPA/Imprest Requests related to I2EDC projects, the Pre-Incubation Grant must be selected. f. Every adjustment, whether through C-Form or C-Reimbursement, must also reference the corresponding advance request. The request amount should be reflected, but should not be editable. We kindly request your support in implementing these modifications at the earliest.	Pending	06-09-2025 14:51:11	Still Pending		
4	For Outside IIT JAMMU Applicants	REQ-125627	As Recently discussed with SARAL Team, Dr. Srishilan, and Dr. Navneet (PIC I2EDC), I2EDC needs an active applicant portal on its webpage for two purposes listed below 1. Inviting outside IIT Jammu applicants to apply for Pre- Incubation Grant (with provision for registration and Uploading a document, say, of 5Mb Size) 2. Booking Slot Mechanism for availing equipment access for outside IIT JAMMU Students, Startups, Alumni, Businessmen, Industry (Including Indian army) etc These could be similar to Vendor registration portal or the way Saptarshi operates.
